

March 2010

Ms. Dolive and Ms. Pringle

We will be doing activities that introduce the following information:

Unit Topic: Shadows and Reflections

Shapes: We will review drawing all the shapes.

Colors: We will make orange using yellow and red color paddles. We will make green using blue and yellow color paddles as well.

Numbers: We will be practicing writing numerals to indicate 6 or less items.

Letters: We will sound out the letters in the things we find in nature.

We would like to give a special thanks to the parents who have volunteered in the classroom.

Ms. Balderas and Ms. Harden

We will be doing activities that introduce the following information:

UNIT TOPIC: Animals - This month we will introduce the farm animals, zoo animals, wild

animals, pets, birds and we will be classifying according to their habitat.

SHAPES: We will be painting with the sponge animal shapes and sorting by animals.

NUMBERS: We will practice counting to twenty, using little animals, big animals and the counting bears.

LETTERS: We will practice writing our names in our journals.

Thank you volunteers!

Ms. Wilson and Ms. Milian – 3 year olds

We will be doing activities that introduce the following information:

UNIT TOPIC: Our unit topic for the month will be Animals. We will learn about the

different animals and their habitat.

SHAPES: We will copy different shapes from a sample.

COLORS: We will experiment with mixing two colors together and predict the ending results.

NUMBERS: We will count objects to identify how many are in a group up to five and then write the numerical.

LETTERS: We will identify the first letter in the name of the animal that we introduce each day.

I would like to thank all the parents who spent valuable time in the classroom helping the teacher and working with his/her child. Parents are always welcome.

Ms. Passig and Ms. Davis

We will be doing activities that introduce the following information:

Unit Topic: Transportation. We will learn about different ways to travel on land, water

and by air.

Shapes: Our class will be reviewing the shapes triangle, square and circle. We will be introducing a new shape - hexagon.

Colors: We are going to identify things that are yellow, red and blue.

Numbers: We will be playing number recognition games. We will introduce counting backwards from 10 to 1.

Letters: Our goal is to learn to identify all the letters in our name.

Ms. Pellino and Ms. Lewis

We will be doing activities that introduce the following information:

Unit Topic: Transportation – We will learn about water, air, and land transportation.

Shapes: We will be focusing on diamond and crescent shapes this month.

Colors: We will be talking about the colors we wear each day.

Numbers: We will be counting to 20, both in English and in Spanish.

Letters: We will focus on the letters in the word transportation.

Remember that our second home visits take place in March. We look forward to seeing you and discussing your child's progress. Once again, thank you to all our volunteers who help make our program the success it is!

Ms. Smith and Ms. Allen

We will be doing activities that introduce the following information:

UNIT TOPIC: Seasons—We will be learning about the four seasons of the year and how the weather changes during each season. We will also be learning about the changes in nature during the four seasons.

SHAPES: We will be reviewing the circle, square, triangle, and rectangle.

COLORS: We will use all colors to represent the changes in weather and nature during each season.

NUMBERS: We will practice writing numbers 7 – 10 and review counting 1 – 20.

LETTERS: We will focus on the letter S for summer and spring, the letter W for winter, and the letter F for fall.
Thank you to everyone who volunteered during the month of February. I would like to encourage all parents to come and volunteer sometime this month.

Ms. Paredes and Ms. Bishop

We will be doing activities that introduce the following information:

Unit Topic: This month we will be talking about our **Four Seasons:** spring, summer, fall and winter.

Shapes: We will be looking for the circle and diamond shapes here at school and at home.

Colors: We will be look for the colors yellow and green, the colors of leaves in the spring time.

Numbers: We will continue to count objects in our classroom, one to fifteen.

Letters: We will be talking about the letters in the word **season.**

We would also like for you to come by and volunteer in our classroom! Classroom G hopes you have a fun and safe March!

Ms. Presume and Ms. Pettway

We will be doing activities that introduce the following information:

UNIT TOPIC: Community Helpers

SHAPES: The children will be recognizing shapes in our classroom and around our school, such as rectangles, hexagons and triangles. Talk about the different shapes you see on your way to school.

COLORS: The children will be talking about what colors make up green and pink. Try mixing colors at home to see what you can come up with!

NUMBERS: We will be learning to count from 20 to 50 and count the many different people that we have in our community who helps us.

LETTERS: We will identify the first letter in different Community Helpers such as a Nurse, Doctor, Police Officer, Librarian and Teacher.

Thank you to all the parents who took time out to come and volunteer in our room for the month of February.

**VOLUNTEERS ARE ALWAYS WELCOME.
PARENTS, WE NEED YOU!!!**

Ms. Fain and Ms. Peñaencarnacion

We will be doing activities that introduce the following information:

Unit Topic: Seasons

Shapes: Identify the following shapes: Star, Diamond, and Oval.

Colors: We will identify the colors we see in each Season.

Numbers: We will match numerals to objects up to 10.

Letters: We will recognize the letters S for Seasons, F for Fall, and W for Winter and match the first letter of our name with words that have the same sound. Thank you to

everyone that has volunteered in our classroom and please come this month and volunteer. You can pretend to be a meteorologist with us too!!!!!!!

Ms. Strange and Ms. Xuconoxtli – 3 year olds

We will be doing activities that introduce the following information:

Unit Topic: Our unit topic is Seasons. We will be learning about each season, winter, spring, summer and fall. We will also discuss each

season's weather and how we should dress for each season.

Shapes: The shape we will learn more about is the oval shape. We will compare the oval to the circle. How they are alike and different.

Colors: For the upcoming spring season, we will review the colors yellow and green.

Numbers: We will be playing number games such as counting and number bingo.

Letters: We will continue to learn about rhyming words through game and identifying words that rhyme in stories. Parents, thank you for volunteering in our class. Please continue...you are always welcome.

Ms. Virden and Ms. Fraire – 3yr old class

We will be doing activities that introduce the following information:

Unit Topic: The Five Senses (Touch, Sight, Taste, Smell and Hearing)

Colors: Brown (mixing red, yellow and blue)

Math: making comparisons- "What's the same?," "What is different?," copying numbers from 1 to 10, adding two to a small group.

Literacy/Language - To copy their name from sample, to copy familiar words, see simple opposites and retell stories. All parents are welcome to volunteer in the classroom.

"As any mom can tell you, a surprising amount of progress is made in the first three years of life."
